## 1. Nature of Operations and Principles of Consolidation

### *Description of Business*

The Simply Good Foods Company (“Simply Good Foods” or the “Company”), headquartered in Denver, Colorado, is a consumer packaged food and beverage company with ambitious goals to raise the bar on what food can be with trusted brands and innovative nutritious snacking products. Within our portfolio of trusted brands (Quest, Atkins, and OWYN), we offer a wide variety of nutritional snacks and beverages, including high protein chips, bars, ready-to-drink (RTD) shakes, and powders, and low sugar, low carb sweets and baked goods. Our nutritious snacking platform consists of brands that specialize in providing products for consumers that follow certain nutritional philosophies and health-and-wellness trends: Quest for consumers seeking a variety of protein-rich foods and beverages that also limit sugars and simple carbohydrates, Atkins for those following a low-carbohydrate lifestyle or seeking to manage weight or blood sugar levels, and OWYN for consumers seeking protein-rich beverages that are plant-based and tested for the top nine allergens that also limit sugars and simple carbohydrates. We distribute our products in major retail channels, primarily in North America, including grocery, club, and mass merchandise, as well as through e-commerce, convenience, specialty, and other channels. Our portfolio of nutritious snacking brands gives us a strong platform with which to introduce new products, expand distribution, and attract new consumers to our products.

The common stock of Simply Good Foods is listed on the Nasdaq Capital Market under the symbol “SMPL.”

#### 4. Goodwill and Intangibles

Changes to *Goodwill* during the thirty-nine weeks ended May 30, 2026, were as follows:

| <i>(In thousands)</i>         | Goodwill          |

| Balance as of May 30, 2026    | <u>\$ 551,974</u> |

As a result of the sustained decline in the Company's share price and declines in the Company's market capitalization assessed during the third quarter of fiscal year 2026, the Company identified a triggering event indicating that it was more likely than not that the fair value of the goodwill reporting unit was less than its carrying amount. The Company conducted a quantitative interim goodwill assessment as of the last day of its third quarter, May 30, 2026, utilizing a weighted combination of the discounted cash flow method under the income approach and the guideline public company method under the market approach to estimate the fair value of the equity of the Company. Based on testing, the fair value was less than its carrying value, resulting in a loss on impairment of \$38.0 million for goodwill during the thirteen and thirty-nine weeks ended May 30, 2026. There were no impairment charges related to goodwill during the thirty-nine weeks ended May 31, 2025.

*Intangible assets, net* in the Consolidated Balance Sheets consists of the following:

Changes in *Intangible assets, net* during the thirty-nine weeks ended May 30, 2026, were primarily related to the impairment of both the OWYN and Atkins brands and trademarks indefinite-lived intangible assets, and recurring amortization expense. Amortization expense related to intangible assets was \$3.9 million and \$11.7 million for the thirteen and thirty-nine weeks ended May 30, 2026. Amortization expense related to intangible assets was \$3.7 million and \$11.2 million for the thirteen and thirty-nine weeks ended May 31, 2025. There were no impairment charges related to its finite-lived intangible assets during the thirty-nine weeks ended May 30, 2026, and May 31, 2025.

As a result of the sustained decline in the Company's stock price and declines in the Company's market capitalization assessed during the third quarter of fiscal year 2026, the Company identified a triggering event indicating that it was more likely than not that the fair value of both the OWYN and Atkins brands and trademarks indefinite-lived intangible assets were less than their respective carrying amounts. The Company conducted a quantitative assessment as of the last day of its third quarter, May 30, 2026, utilizing an income approach to estimate the fair value of the intangible assets. Based on testing, the respective assets carrying values exceeded their fair values, resulting in a loss on impairment of \$13.0 million for OWYN and \$31.0 million for Atkins during the thirteen weeks ended May 30, 2026. Impairment charges were

\$200.0 million for OWYN and \$93.0 million for Atkins for the thirty-nine weeks ended May 30, 2026. In addition, the Company included the Quest brand and trademark indefinite-lived intangible asset within the quantitative assessment; utilizing an income approach to estimate the fair value of the intangible asset. Based on testing, its fair value exceeded its carrying value, resulting in no impairment. There were no impairment charges related to the Company's indefinite-lived intangible assets during the thirty-nine weeks ended May 31, 2025.

We believe the estimates and assumptions utilized in our impairment assessments are reasonable and are comparable to those that would be used by other marketplace participants. However, actual events and results could differ substantially from those utilized in our initial valuations. Significant declines of future revenue projections or changes of other assumptions used in estimating fair values versus those utilized at the time of the initial valuations could result in impairment charges that could materially affect the consolidated financial statements.

Estimated future amortization for each of the next five fiscal years and thereafter is as follows:

|-----------------------|-------------------|
| Remainder of 2026     | \$ 3,879          |

## 5. Long-Term Debt and Line of Credit

On July 7, 2017, the Company (through certain of its subsidiaries) entered into a credit agreement with Barclays Bank PLC and other parties (as amended to date, the "Credit Agreement"). The Credit Agreement at that time provided for (i) a term facility of \$200.0 million ("Term Facility") with a seven-year maturity and (ii) a revolving credit facility of up to \$75.0 million (the "Revolving Credit Facility") with a five-year maturity. Substantially concurrent with the consummation of the business combination which formed the Company between Conyers Park Acquisition Corp. and NCP-ATK Holdings, Inc. on July 7, 2017, the full \$200.0 million of the Term Facility (the "Term Loan") was drawn.

On November 7, 2019, the Company entered into a second amendment (the "Incremental Facility Amendment") to the Credit Agreement to increase the principal borrowed on the Term Facility by \$460.0 million. The Term Facility together with the incremental borrowing make up the Initial Term Loans (as defined in the Incremental Facility Amendment). The Incremental Facility Amendment was executed to partially finance the acquisition of Quest Nutrition, LLC on November 7, 2019. No amounts under the Term Facility were repaid as a result of the execution of the Incremental Facility Amendment.

Effective as of December 16, 2021, the Company entered into a third amendment (the "Extension Amendment") to the Credit Agreement. The Extension Amendment provided for an extension of the stated maturity date of the Revolving Commitments and Revolving Loans (each as defined in the Credit Agreement) from July 7, 2022, to the earlier of (i) 91 days prior to the then-effective maturity date of the Initial Term Loans and (ii) December 16, 2026.

On January 21, 2022, the Company entered into the "2022 Repricing Amendment" to the Credit Agreement. The 2022 Repricing Amendment, among other things, (i) reduced the interest rate per annum applicable to the Initial Term Loans outstanding under the Credit Agreement immediately prior to the effective date of the 2022 Repricing Amendment, (ii) reset the prepayment premium for the existing Initial Term Loans to apply to Repricing Transactions (as defined in the Credit Agreement) that occur within six months after the effective date of the 2022 Repricing Amendment, and (iii) implemented SOFR and related replacement provisions for LIBOR.

On April 25, 2023, the Company entered into the "2023 Repricing Amendment" to the Credit Agreement. The 2023 Repricing Amendment, (i) reduced the interest rate per annum applicable to the Initial Term Loans outstanding under the Credit Agreement immediately prior to April 25, 2023, and (ii) provided for an extension of the maturity date of the Initial Term Loans from July 7, 2024, to March 17, 2027.

On June 13, 2024, the Company entered into a sixth amendment (the "2024 Incremental Facility Amendment") to the Credit Agreement to increase the principal borrowed on the Term Facility by \$250.0 million. The terms of the incremental borrowing are the same as the terms of the outstanding borrowings under the Term Facility. The 2024 Incremental Facility Amendment was executed to partially finance the OWYN Acquisition. No amounts under the Term Facility were repaid as a result of the execution of the 2024 Incremental Facility Amendment.

On January 31, 2025, the Company entered into a seventh amendment (the “2025 Repricing Amendment”) to the Credit Agreement to reduce the interest rate per annum applicable to the Initial Term Loans outstanding under the Credit Agreement immediately prior to the effective date of the 2025 Repricing Amendment.

On November 19, 2025, the Company entered into an eighth amendment (the “2026 Incremental Facility Amendment”) to the Credit Agreement to increase the principal borrowed on the Term Facility by \$150.0 million and provided for an extension of the maturity date from March 17, 2027 to March 17, 2030. The 2026 Incremental Facility Amendment also provided for an extension of the stated maturity date of the Revolving Commitments and Revolving Loans (each as defined in the Credit Agreement) from December 16, 2026, to the earlier of (i) 91 days prior to the then-effective maturity date of the Term Facility and (ii) December 16, 2029. The terms of the incremental borrowing are substantially the same as the terms of the outstanding borrowings under the Term Facility. No amounts of the Term Facility were repaid as a result of the execution of the 2026 Incremental Facility Amendment.

Effective as of the 2026 Incremental Facility Amendment, the interest rate per annum for the Initial Term Loans is based on either:

- i. A base rate equaling the higher of (a) the “prime rate,” (b) the federal funds effective rate plus 0.50%, or (c) the Adjusted Term SOFR Rate (as defined in the Credit Agreement) applicable for an interest period of one month plus 1.00% plus (x) 1.00% margin for the Term Loan or (y) 1.00% margin for the Revolving Credit Facility; or
- ii. SOFR, subject to a floor of 0.00%, plus (x) 2.00% margin for the Term Loan or (y) 2.00% margin for the Revolving Credit Facility.

In connection with the closing of the 2026 Incremental Facility Amendment, the Company expensed \$2.7 million of non-deferrable third-party costs through *General and administrative* within the Consolidated Statements of Operations and Comprehensive Income (Loss) and capitalized \$2.6 million of upfront lender fees (original issue discount) and third-party financing costs.

The Simply Good Foods Company is not a borrower under the Credit Agreement and has not provided a guarantee of the Credit Agreement. Simply Good Foods USA, Inc., is the administrative borrower and certain other subsidiary holding companies are co-borrowers under the Credit Agreement. Each of the Company’s domestic subsidiaries that are not a named borrower under the Credit Agreement has provided a guarantee on a secured basis. As security for the payment or performance of the debt under the Credit Agreement, the borrowers and the guarantors have pledged certain equity interests in their respective subsidiaries and granted the lenders a security interest in substantially all of their domestic assets. All guarantors other than Quest Nutrition, LLC and Only What You Need, Inc. are holding companies with no assets other than their investments in their respective subsidiaries.

The Credit Agreement contains certain financial and other covenants that limit the Company’s ability to, among other things, incur and/or undertake asset sales and other dispositions, liens, indebtedness, certain acquisitions and investments, consolidations, mergers, reorganizations and other fundamental changes, payment of dividends and other distributions to equity and warrant holders, and prepayments of material subordinated debt, in each case, subject to customary exceptions materially consistent with credit facilities of such type and size. The Revolving Credit Facility has a maximum total net leverage ratio equal to or less than 6.00:1.00 contingent on credit extensions in excess of 30% of the total amount of commitments available under the Revolving Credit Facility. Any failure to comply with the restrictions of the credit facilities may result in an event of default. The Company was in compliance with all covenants as of May 30, 2026, and August 30, 2025, respectively.

Long-term debt consists of the following:

| <i>(In thousands)</i>                                  | May 30, 2026      | August 30, 2025   |

| Long-term debt, net of deferred financing fees         | <u>\$ 397,037</u> | <u>\$ 249,066</u> |

The Company is not required to make principal payments on the Term Facility over the twelve months following the period ended May 30, 2026. The outstanding balance of the Term Facility is due upon its maturity in March 2030.

As of May 30, 2026, the Company had letters of credit in the amount of \$1.1 million outstanding. These letters of credit offset against the \$75.0 million availability of the Revolving Credit Facility and exist to support two of the Company’s leased buildings. No amounts were drawn against these letters of credit as of May 30, 2026.

The Company utilizes market approaches to estimate the fair value of certain outstanding borrowings by discounting anticipated future cash flows derived from the contractual terms of the obligations and observable market interest and foreign exchange rates. The Company carries debt at historical cost and discloses fair value. As of May 30, 2026, and August 30, 2025, the book value of the Company’s debt approximated fair value. The estimated fair value of the Term Loan is valued based on observable inputs and classified as Level 2 in the fair value hierarchy.

## 6. Fair Value of Financial Instruments

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. To increase the comparability of fair value measurements, a three-tier fair value hierarchy, which prioritizes the inputs used in the valuation methodologies, is used:

Level 1 – Valuations based on quoted prices for identical assets and liabilities in active markets.

Level 2 – Valuations based on observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Valuations based on unobservable inputs reflecting the Company's own assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

Components of the balance sheet such as accounts receivable, cash and cash equivalents, and others approximate fair value as of May 30, 2026.

## 7. Income Taxes

The tax expense and the effective tax rate resulting from operations were as follows:

| (In thousands)                       | Thirty-Nine Weeks Ended |              |
|--------------------------------------|-------------------------|--------------|

| (Loss) income before income taxes    | \$ (239,140)            | \$ 151,395   |
| (Benefit) provision for income taxes | \$ (52,739)             | \$ 35,424    |
| Effective tax rate                   | 22.1 %                  | 23.4 %       |

The effective tax rate for the thirty-nine weeks ended May 30, 2026 was 1.3% lower than the effective tax rate for the thirty-nine weeks ended May 31, 2025, which was primarily driven by a tax benefit related to the wind-down of operations at the Company's legacy Canadian subsidiary and the tax effect related to the non-deductible goodwill impairment.

## 8. Leases

The Company generally leases office space and distribution centers in the United States through operating lease agreements. As of May 30, 2026, the Company had no finance lease agreements. Our leases have remaining lease terms up to 6 years and most include an option to renew for additional terms.

The Company's lease costs recognized in the Consolidated Statements of Operations and Comprehensive Income (Loss), respectively, consist of the following:

## **10. Stockholders' Equity**

### ***Stock Repurchase Program***

The Company adopted a stock repurchase program in November 2018. On January 6, 2026, the Company announced that its Board of Directors approved a \$200.0 million increase in its repurchase authorization under its stock repurchase program (the "Current Authorization"). Under the stock repurchase program, the Company may repurchase shares from time to time in the open market or in privately negotiated transactions. The stock repurchase program does not obligate the Company to acquire any specific number of shares or acquire shares over any specific period of time. The stock repurchase program may be suspended or discontinued at any time by the Company and does not have an expiration date.

During the thirteen and thirty-nine weeks ended May 30, 2026, the Company repurchased 2,061,263 and 11,651,767 shares of common stock at an average price of \$12.14 and \$18.29 per share, respectively, inclusive of commissions and exclusive of accrued excise tax. During the thirteen and thirty-nine weeks ended May 31, 2025, the Company repurchased 693,375 shares of common stock at an average price of \$35.10 per share, inclusive of commissions and exclusive of accrued excise tax. The U.S. Inflation Reduction Act of 2022 requires a 1% excise tax on the net amount of share repurchases. As of May 30, 2026, approximately \$157.5 million remained available under the Current Authorization.

## **11. Earnings Per Share**

Basic earnings or loss per share is based on the weighted average number of common shares issued and outstanding. In computing diluted earnings per share, basic earnings per share is adjusted for the assumed issuance of all potentially dilutive securities, including the Company's (i) employee stock options and (ii) non-vested restricted stock units and performance stock units (collectively, the "Stock Units").

In periods in which the Company has a net loss, diluted loss per share is based on the basis of basic weighted average number of common shares issued and outstanding as the effect of including common stock equivalents outstanding would be anti-dilutive. As the Company was in a net loss position for the thirteen and thirty-nine weeks ended May 30, 2026, 0.1 million and 0.2 million shares of common stock issuable upon exercise of stock options and non-vested Stock Units, respectively, were excluded from the diluted earnings per share computation.

The following table reconciles the numerators and denominators used in the computations of both basic and diluted earnings per share:

## 12. Omnibus Incentive Plan

Stock-based compensation includes stock options, restricted stock units, performance stock unit awards, and stock appreciation rights, which are awarded to employees, directors, and consultants of the Company. Stock-based compensation expense is recognized on a straight-line basis over the requisite service period of the award based on their grant date fair value. Stock-based compensation expense is included within *General and administrative* expense, which is the same financial statement caption where recipient's other compensation is reported.

The Company recorded stock-based compensation expense of \$5.6 million and \$4.0 million in the thirteen weeks ended May 30, 2026, and May 31, 2025, respectively, and \$13.2 million and \$12.8 million during the thirty-nine weeks ended May 30, 2026, and May 31, 2025, respectively. In January 2026, the Company's stockholders approved The Simply Good Foods Company Incentive Plan (the "Incentive Plan"), which replaced the 2017 Omnibus Incentive Plan (the "Prior Plan"). The purpose of the Incentive Plan is to assist the Company to attract, retain, and motivate officers and employees of, consultants to, and non-employee directors providing services to, the Company and to promote the success of the Company's business by providing these participating individuals with a proprietary interest in the Company's performance.

## Performance Stock Units

During the thirty-nine weeks ended May 30, 2026, the Board of Directors granted performance stock units under the Company's Incentive Plan and Prior Plan. The number of shares issuable as a result of grants of performance stock units is determined based on market-based criteria, performance-based criteria, or a combination of market-based criteria and performance-based criteria. The number of shares may be increased or decreased based on the results of these metrics in accordance with the terms established at the date of grant.

For market-based criteria awards, the Company's relative total shareholder return, or relative TSR, is measured for the Company and each company in the Russell 3000 Food & Beverage index using the immediately preceding 30-day average share price at the beginning and end of the applicable three-year performance period. The percentile rank of the Company's TSR relative to that of the peer group determines the percent of the target award earned, ranging between 0% and 200%. The related compensation expense is recognized ratably over the term regardless of whether or not the market condition is satisfied, provided the requisite service is rendered. These units are valued using a Monte Carlo simulation.

For Company financial performance-based criteria awards, we estimate the probability that the Company's internally established performance criteria will be achieved at each reporting period and adjust compensation expense accordingly. The performance metrics achieved determines the percent of the target award earned, ranging between 0% and 200%. These units are valued using the closing market price of the Company's common stock on the date of grant.

For market-based criteria and Company financial performance-based criteria awards, the Company's TSR within the peer group and the performance metrics achieved determines the percent of the target award earned, ranging between 0% and 275%. We estimate the probability that the performance criteria will be achieved at each reporting period and adjust compensation expense accordingly. Should the performance-based criteria not be probable of being achieved, the compensation expense for the value of the award incorporating the market-

based criteria is recognized ratably over the term, provided the requisite service is rendered. These units are valued using a Monte Carlo simulation.

The following table summarizes performance stock unit activity for the thirty-nine weeks ended May 30, 2026:

|                                  | Units     | Weighted average<br>grant-date fair value |

Performance stock units are generally granted to employees as a part of the annual grant in November of the associated fiscal year, although the Board of Directors reserves the right to administer mid-year grants from time to time as they see fit. The fair value of each performance stock unit grant with a market-based TSR component is estimated on the date of grant using a Monte-Carlo simulation based on the following assumptions presented below which are associated with each year's annual grant:

|                           | Thirty-Nine Weeks Ended<br>May 30, 2026 | Thirty-Nine Weeks Ended<br>May 31, 2025 |

As of May 30, 2026, the Company had \$4.9 million of total unrecognized compensation cost related to performance stock units that will be recognized over an expected weighted average period of 2.0 years.

### Overview

The Simply Good Foods Company, headquartered in Denver, Colorado, is a consumer packaged food and beverage company with ambitious goals to raise the bar on what food can be with trusted brands and innovative nutritious snacking products. Within our portfolio of trusted brands (Quest, Atkins, and OWYN), we offer a wide variety of nutritional snacks and beverages, including high protein chips, bars, ready-to-drink (RTD) shakes, and powders, and low sugar, low carb sweets and baked goods. We are a leader of the nutritious snacking movement, poised to expand our healthy lifestyle platform through innovation-driven organic growth and external investment opportunities.

Our nutritious snacking platform consists of brands that specialize in providing products for consumers that follow certain nutritional philosophies and health-and-wellness trends: Quest for consumers seeking a variety of protein-rich foods and beverages that also limit sugars and simple carbohydrates, Atkins for those following a low-carbohydrate lifestyle or seeking to manage weight or blood sugar levels, and OWYN for consumers seeking protein-rich beverages that are plant-based and tested for the top nine allergens that also limit sugars and simple carbohydrates. We distribute our products in major retail channels, primarily in North America, including grocery, club, and mass merchandise, and through e-commerce, convenience, specialty, and other channels. Our portfolio of nutritious snacking brands gives us a strong platform with which to introduce new products, expand distribution, and attract new consumers to our products.

The Simply Good Foods Company ("Simply Good Foods") was formed in March 2017 to acquire NCP-ATK Holdings, Inc. ("Atkins"), which was completed in July 2017. As part of Simply Good Foods' strategy to become an industry-leading snacking platform, we acquired Quest Nutrition, LLC ("Quest") in November 2019 and we acquired Only What You Need, Inc. in June 2024. We refer to the acquisition of Quest Nutrition, LLC as the "Quest Acquisition" and the acquisition of Only What You Need, Inc. as the "OWYN Acquisition".

### Business Trends

During the thirty-nine weeks ended May 30, 2026, our results of operations were primarily driven by continued distribution-related declines for Atkins and velocity-related declines for OWYN, which were partially offset by Quest volume-driven growth. In recent periods, retail distribution for the Atkins brand has been under pressure. The Atkins brand has had, and continues to have, a large retail presence on-shelf, which is being reduced in the current fiscal year and could be reduced in future periods. In response, we have been taking action to bolster the highest performing Atkins products and simultaneously working with retailers to replace lower performing Atkins products with higher performing products. In fiscal year 2026, OWYN experienced poor velocities, including on newly expanded distribution, which has resulted in distribution-related declines in the current fiscal year and could continue to be reduced in future periods. In response, the Company has been taking actions to increase consumer demand to restore velocities and growth for the brand.

The Company's gross margin was affected by the unfavorable effects of higher input costs compared to the prior year, with productivity a modest offset in the quarter. Margins are expected to remain under pressure until the Company realizes the benefits expected

from recently implemented pricing actions, productivity initiatives and other mitigating actions, which are expected to build as the fiscal year progresses. We continue to monitor macroeconomic trends and uncertainties such as consumer and economic uncertainty, key ingredient inflation, supply chain challenges, and the effects of tariffs, which may have adverse effects on net sales and profitability. We are continuing to evaluate these factors and our ability to potentially offset all or a portion of cost increases through pricing actions and cost savings efforts. Economic pressures on customers and consumers, including the challenges of high inflation and the effects of tariffs, may negatively affect our net sales and profitability in the future.

The ongoing conflict in Iran and geopolitical tensions in the region could lead to significant disruption of global energy supplies and increases in global energy prices, adversely affect global supply chains, heighten inflationary pressures on our input costs and supply chain, and adversely affect consumer spending patterns. We are continuing to evaluate the evolving macroeconomic environment, however at this time we do not expect these factors to result in a material negative effect on our business, financial condition and results of operations.

### **Goodwill and Intangible Assets**

As a result of the sustained decline in the Company's share price and declines in the Company's market capitalization assessed during the third quarter of fiscal year 2026, the Company identified a triggering event indicating that it was more likely than not that the fair value of the goodwill reporting unit was less than its carrying amount. The Company conducted a quantitative interim goodwill assessment as of the last day of its third quarter, May 30, 2026, utilizing a weighted combination of the discounted cash flow method under the income approach and the guideline public company method under the market approach to estimate the fair value of the equity of the Company. Based on testing, the carrying value was greater than its fair value, resulting in an impairment of \$38.0 million related to goodwill during the thirteen and thirty-nine weeks ended May 30, 2026. There were no impairment charges related to goodwill during the thirty-nine weeks ended May 31, 2025.

As a result of the sustained decline in the Company's stock price and declines in the Company's market capitalization assessed during the third quarter of fiscal year 2026, the Company identified a triggering event indicating that it was more likely than not that the fair value of both the OWYN and Atkins brands and trademarks indefinite-lived intangible assets were less than their respective carrying amounts. The Company conducted a quantitative assessment as of the last day of its third quarter, May 30, 2026, utilizing an income approach to estimate the fair value of the intangible assets. Based on testing, the respective assets carrying values exceeded their fair values, resulting in a loss on impairment of \$13.0 million for OWYN and \$31.0 million for Atkins during the thirteen weeks ended May 30, 2026. Impairment charges were \$200.0 million for OWYN and \$93.0 million for Atkins for the thirty-nine weeks ended May 30, 2026. In addition, the Company included the Quest brand and trademark indefinite-lived intangible asset within the quantitative assessment; utilizing an income approach to estimate the fair value of the intangible asset. Based on testing, its fair value exceeded its carrying value, resulting in no impairment. There were no impairment charges related to the Company's indefinite-lived intangible assets during the thirty-nine weeks ended May 31, 2025.

We believe the estimates and assumptions utilized in our impairment assessments are reasonable and are comparable to those that would be used by other marketplace participants. However, actual events and results could differ substantially from those utilized in our initial valuations. Significant declines of future revenue projections or changes of other assumptions used in estimating fair values versus those utilized at the time of the initial valuations could result in impairment charges that could materially affect the consolidated financial statements. Refer to Note 4, Goodwill and Intangibles, of our Notes to Unaudited Consolidated Financial Statements in this Report for additional information regarding the Company's impairment assessments.

## Results of Operations

During the thirteen weeks ended May 30, 2026, our net sales decreased 6.3% to \$357.0 million compared to \$381.0 million for the thirteen weeks ended May 31, 2025, driven by distribution-related declines for Atkins which were partially offset by Quest and OWYN volume-driven growth.

Gross profit decreased and gross profit margin decreased 390 basis points, primarily as a result of higher input costs and current period restructuring costs compared to the prior period. We expect to continue building on our existing capabilities and strengthening the position of our brands in the marketplace, and will continue to invest in our business and improve our operating efficiencies.

In assessing the performance of our business, we consider a number of key performance indicators used by management and typically used by our competitors, including the non-GAAP measures EBITDA and Adjusted EBITDA. Because not all companies use identical calculations, this presentation of EBITDA and Adjusted EBITDA may not be comparable to other similarly titled measures of other companies. See “*Reconciliation of EBITDA and Adjusted EBITDA*” below for a reconciliation of EBITDA and Adjusted EBITDA to net income for each applicable period.

**Net sales.** Net sales were \$357.0 million for the thirteen weeks ended May 30, 2026, compared to \$381.0 million for the thirteen weeks ended May 31, 2025, representing a decrease of \$24.0 million, or 6.3%, driven by distribution-related declines for Atkins which were partially offset by Quest and OWYN volume-driven growth.

**Cost of goods sold.** Cost of goods sold decreased \$1.6 million, or 0.6%, for the thirteen weeks ended May 30, 2026, compared to the thirteen weeks ended May 31, 2025. The cost of goods sold decrease was driven primarily by the decrease of net sales compared to the prior year period and partially offset by higher input costs and restructuring costs compared to the prior year period.

**Gross profit.** Gross profit decreased \$22.4 million, or 16.2%, to \$116.1 million for the thirteen weeks ended May 30, 2026, compared to the thirteen weeks ended May 31, 2025. Gross profit margin was 32.5% of net sales for the thirteen weeks ended May 30, 2026, a decrease of 390 basis points from 36.4% of net sales for the thirteen weeks ended May 31, 2025. The decrease in gross profit margin was primarily driven by volume declines, higher input costs, and restructuring costs compared to the prior year period.

**Operating expenses.** Operating expenses increased \$86.8 million, or 109.6%, for the thirteen weeks ended May 30, 2026, compared to the thirteen weeks ended May 31, 2025, due to the following:

- **Selling and marketing.** Selling and marketing expenses increased \$5.4 million, or 15.9%, for the thirteen weeks ended May 30, 2026, compared to the thirteen weeks ended May 31, 2025. The increase was primarily driven by investments in our selling capability and increased marketing spend to support longer-term brand growth and restructuring costs.

- *General and administrative.* General and administrative expenses decreased \$0.8 million, or 1.9%, for the thirteen weeks ended May 30, 2026, compared to the thirteen weeks ended May 31, 2025. The decrease was primarily attributable to a decrease of \$5.2 million in integration expenses related to the OWYN Acquisition, a decrease of \$1.8 million in employee-related costs, and lower general corporate expenses, partially offset by an increase of \$6.2 million in restructuring costs.
- *Depreciation and amortization.* Depreciation and amortization expense was \$4.3 million for the thirteen weeks ended May 30, 2026, and \$4.2 million for the thirteen weeks ended May 31, 2025, respectively.
- *Loss on impairment.* Loss on impairment charges were \$82.0 million for the thirteen weeks ended May 30, 2026 and zero for the thirteen weeks ended May 31, 2025. Refer to Note 4, Goodwill and Intangibles, for additional information regarding the Company's impairment assessments.

**Interest expense.** Interest expense of \$5.8 million increased \$0.9 million for the thirteen weeks ended May 30, 2026, compared to the thirteen weeks ended May 31, 2025, primarily due to a higher term loan balance.

**Gain (loss) on foreign currency transactions.** Foreign currency transactions resulted in an immaterial gain for the thirteen weeks ended May 30, 2026, and a \$0.3 million loss for the thirteen weeks ended May 31, 2025.

**Income tax (benefit) expense.** Income tax benefit was \$3.0 million for the thirteen weeks ended May 30, 2026, compared to income tax expense of \$13.6 million during the thirteen weeks ended May 31, 2025. The change in our income tax (benefit) expense was primarily driven by lower income from operations and changes in permanent differences, primarily the non-deductible goodwill impairment.

**Net (loss) income.** Net loss was \$52.0 million for the thirteen weeks ended May 30, 2026, a decrease of \$93.1 million, compared to net income of \$41.1 million for the thirteen weeks ended May 31, 2025. Net loss was primarily driven by higher operating expenses, primarily the loss on impairment, and was partially offset by lower income tax (benefit) expense.

**Adjusted EBITDA.** Adjusted EBITDA decreased \$16.6 million, or 22.5%, for the thirteen weeks ended May 30, 2026, compared to the thirteen weeks ended May 31, 2025, driven primarily by lower gross profit. - **Loss on impairment.** Loss on impairment charges were \$331.0 million for the thirty-nine weeks ended May 30, 2026 and zero for the thirty-nine weeks ended May 31, 2025. Refer to Note 4, Goodwill and Intangibles, for additional information regarding the Company's impairment assessments.

**Interest income.** Interest income of \$2.1 million decreased \$0.1 million for the thirty-nine weeks ended May 30, 2026, compared to the thirty-nine weeks ended May 31, 2025.

**Interest expense.** Interest expense of \$15.9 million decreased \$3.2 million for the thirty-nine weeks ended May 30, 2026, compared to the thirty-nine weeks ended May 31, 2025, primarily due to the decrease in interest rates on our Term Facility to 5.7% as of May 30, 2026 from 6.3% as of May 31, 2025.

**Gain (loss) on foreign currency transactions.** Foreign currency transactions resulted in a \$0.1 million gain and an \$0.3 million loss for the thirty-nine weeks ended May 30, 2026, and May 31, 2025, respectively.

**Income tax (benefit) expense.** Income tax benefit was \$52.7 million for the thirty-nine weeks ended May 30, 2026, compared to income tax expense of \$35.4 million during the thirty-nine weeks ended May 31, 2025. The change in our income tax (benefit) expense was primarily driven by lower income from operations and changes in permanent differences, primarily the non-deductible goodwill impairment.

**Net (loss) income.** Net loss was \$186.4 million for the thirty-nine weeks ended May 30, 2026, a decrease of \$302.4 million compared to net income of \$116.0 million for the thirty-nine weeks ended May 31, 2025. Net loss was primarily driven by higher operating expenses, primarily the loss on impairment, and was partially offset by lower income tax (benefit) expense and other expense.

**Adjusted EBITDA.** Adjusted EBITDA decreased \$43.5 million, or 20.5% for the thirty-nine weeks ended May 30, 2026, compared to the thirty-nine weeks ended May 31, 2025, driven primarily by lower gross profit. For a reconciliation of Adjusted EBITDA to its most directly comparable GAAP measure, see "Reconciliation of EBITDA and Adjusted EBITDA" below.

### Reconciliation of EBITDA and Adjusted EBITDA

EBITDA and Adjusted EBITDA are non-GAAP financial measures commonly used in our industry and should not be construed as alternatives to net income as an indicator of operating performance or as alternatives to cash flow provided by operating activities as a measure of liquidity (each as determined in accordance with GAAP). The Company defines EBITDA as net income or loss before interest income, interest expense, income tax (benefit) expense, depreciation and amortization, and Adjusted EBITDA as further adjusted to exclude the following items: loss on impairment, stock-based compensation expense, business transaction costs, purchase price accounting inventory step-up, integration expenses, term loan transaction fees, restructuring, and other non-core expenses. The Company believes that EBITDA and Adjusted EBITDA, when used in conjunction with net income, are useful to provide additional information to investors. Management of the Company uses EBITDA and Adjusted EBITDA to supplement net income because these measures reflect operating results of the on-going operations, eliminate items that are not directly attributable to the Company's underlying operating performance, enhance the overall understanding of past financial performance and future prospects, and allow for greater transparency with respect to the key metrics the Company's management uses in its financial and operational decision making. The Company also believes that EBITDA and Adjusted EBITDA are frequently used by securities analysts, investors and other interested parties in the evaluation of companies in its industry. EBITDA and Adjusted EBITDA may not be comparable to other similarly titled captions of other companies due to differences in the non-GAAP calculation.

The following unaudited table provides a reconciliation of EBITDA and Adjusted EBITDA to its most directly comparable GAAP measure, which is net income, for the thirteen and thirty-nine weeks ended May 30, 2026, and May 31, 2025:

## Liquidity and Capital Resources

### Overview

We have historically funded our operations with cash flow from operations and, when needed, with borrowings under our Credit Agreement (as defined below). Our principal uses of cash have been working capital, debt service, repurchases of our common stock, and acquisition opportunities.

We had \$123.9 million in cash as of May 30, 2026. We believe our sources of liquidity and capital will be sufficient to finance our continued operations, growth strategy and additional expenses we expect to incur for at least the next twelve months. As circumstances warrant, we may issue debt and/or equity securities from time to time on an opportunistic basis, dependent upon market conditions and available pricing. We make no assurance that we can issue and sell such securities on acceptable terms or at all.

Our material future cash requirements from contractual and other obligations relate primarily to our principal and interest payments for our Term Facility, as defined and discussed below, and our operating leases. Refer to Note 5, Long-Term Debt and Line of Credit, and Note 8, Leases, of the Notes to Unaudited Consolidated Financial Statements in this Report for additional information related to the expected timing and amount of payments related to our contractual and other obligations.

### Debt and Credit Facilities

On July 7, 2017, the Company (through certain of its subsidiaries) entered into a credit agreement with Barclays Bank PLC and other parties (as amended to date, the “Credit Agreement”). The Credit Agreement at that time provided for (i) a term facility of \$200.0 million (“Term Facility”) with a seven-year maturity and (ii) a revolving credit facility of up to \$75.0 million (the “Revolving Credit Facility”) with a five-year maturity. Substantially concurrent with the consummation of the business combination which formed the Company between Conyers Park Acquisition Corp. and NCP-ATK Holdings, Inc. on July 7, 2017, the full \$200.0 million of the Term Facility (the “Term Loan”) was drawn.

On November 7, 2019, we entered into a second amendment (the “Incremental Facility Amendment”) to the Credit Agreement to increase the principal borrowed on the Term Facility by \$460.0 million. The Term Facility together with the incremental borrowing make up the Initial Term Loans (as defined in the Incremental Facility Amendment). The Incremental Facility Amendment was executed to partially finance the acquisition of Quest Nutrition, LLC on November 7, 2019. No amounts under the Term Facility were repaid as a result of the execution of the Incremental Facility Amendment.

Effective as of December 16, 2021, we entered into a third amendment (the “Extension Amendment”) to the Credit Agreement. The Extension Amendment provided for an extension of the stated maturity date of the Revolving Commitments and Revolving Loans (each as defined in the Credit Agreement) from July 7, 2022, to the earlier of (i) 91 days prior to the then-effective maturity date of the Initial Term Loans and (ii) December 16, 2026.

On January 21, 2022, we entered into the “2022 Repricing Amendment” to the Credit Agreement. The 2022 Repricing Amendment, among other things, (i) reduced the interest rate per annum applicable to the Initial Term Loans outstanding under the Credit Agreement immediately prior to the effective date of the 2022 Repricing Amendment, (ii) reset the prepayment premium for the existing Initial Term Loans to apply to Repricing Transactions (as defined in the Credit Agreement) that occur within six months after the effective date of the 2022 Repricing Amendment, and (iii) implemented SOFR and related replacement provisions for LIBOR.

On April 25, 2023, the Company entered into the “2023 Repricing Amendment” to the Credit Agreement. The 2023 Repricing Amendment, (i) reduced the interest rate per annum applicable to the Initial Term Loans outstanding under the Credit Agreement immediately prior to April 25, 2023, and (ii) provided for an extension of the maturity date of the Initial Term Loans from July 7, 2024, to March 17, 2027.

On June 13, 2024, the Company entered into a sixth amendment (the “2024 Incremental Facility Amendment”) to the Credit Agreement to increase the principal borrowed on the Term Facility by \$250.0 million. The terms of the incremental borrowing are the same as the terms of the outstanding borrowings under the Term Facility. The 2024 Incremental Facility Amendment was executed to partially finance the OWYN Acquisition. No amounts under the Term Facility were repaid as a result of the execution of the 2024 Incremental Facility Amendment.

On January 31, 2025, the Company entered into a seventh amendment (the “2025 Repricing Amendment”) to the Credit Agreement to reduce the interest rate per annum applicable to the Initial Term Loans outstanding under the Credit Agreement immediately prior to the effective date of the 2025 Repricing Amendment.

On November 19, 2025, the Company entered into an eighth amendment (the “2026 Incremental Facility Amendment”) to the Credit Agreement to increase the principal borrowed on the Term Facility by \$150.0 million and provided for an extension of the maturity date from March 17, 2027 to March 17, 2030. The 2026 Incremental Facility Amendment also provided for an extension of the stated maturity date of the

Revolving Commitments and Revolving Loans (each as defined in the Credit Agreement) from December 16, 2026, to the earlier of (i) 91 days prior to the then-effective maturity date of the Term Facility and (ii) December 16, 2029. The terms of the incremental borrowing are substantially the same as the terms of the outstanding borrowings under the Term Facility. No amounts of the Term Facility were repaid as a result of the execution of the 2026 Incremental Facility Amendment.

Effective as of the 2026 Incremental Facility Amendment, the interest rate per annum for the Initial Term Loans is based on either:

- i. A base rate equaling the higher of (a) the “prime rate,” (b) the federal funds effective rate plus 0.50%, or (c) the Adjusted Term SOFR Rate (as defined in the Credit Agreement) applicable for an interest period of one month plus 1.00% plus (x) 1.00% margin for the Term Loan or (y) 1.00% margin for the Revolving Credit Facility; or
- ii. SOFR, subject to a floor of 0.00%, plus (x) 2.00% margin for the Term Loan or (y) 2.00% margin for the Revolving Credit Facility.

In connection with the closing of the 2026 Incremental Facility Amendment, the Company expensed \$2.7 million of non-deferrable third-party costs through *General and administrative* within the Consolidated Statements of Operations and Comprehensive Income (Loss) and capitalized \$2.6 million of upfront lender fees (original issue discount) and third-party financing costs.

The Simply Good Foods Company is not a borrower under the Credit Agreement and has not provided a guarantee of the Credit Agreement. Simply Good Foods USA, Inc., is the administrative borrower and certain other subsidiary holding companies are co-borrowers under the Credit Agreement. Each of our domestic subsidiaries that is not a named borrower under the Credit Agreement has provided a guarantee on a secured basis. As security for the payment or performance of the debt under the Credit Agreement, the borrowers and the guarantors have pledged certain equity interests in their respective subsidiaries and granted the lenders a security interest in substantially all of their domestic assets. All guarantors other than Quest Nutrition, LLC and Only What You Need, Inc. are holding companies with no assets other than their investments in their respective subsidiaries.

The Credit Agreement contains certain financial and other covenants that limit our ability to, among other things, incur and/or undertake asset sales and other dispositions, liens, indebtedness, certain acquisitions and investments, consolidations, mergers, reorganizations and other fundamental changes, payment of dividends and other distributions to equity and warrant holders, and prepayments of material subordinated debt, in each case, subject to customary exceptions materially consistent with credit facilities of such type and size. The Revolving Credit Facility has a maximum total net leverage ratio equal to or less than 6.00:1.00 contingent on credit extensions in excess of 30% of the total amount of commitments available under the Revolving Credit Facility. Any failure to comply with the restrictions of the credit facilities may result in an event of default. We were in compliance with all covenants as of May 30, 2026, and August 30, 2025, respectively.

As of May 30, 2026, the outstanding balance of the Term Facility was \$400.0 million. We are not required to make principal payments on the Term Facility over the twelve months following the period ended May 30, 2026. The outstanding balance of the Term Facility is due upon its maturity in March 2030. As of May 30, 2026, there were no amounts drawn against the Revolving Credit Facility.

### ***Stock Repurchase Program***

The Company adopted a stock repurchase program in November 2018. On January 6, 2026, the Company announced that its Board of Directors approved a \$200.0 million increase in its repurchase authorization under its stock repurchase program (the “Current Authorization”). Under the stock repurchase program, the Company may repurchase shares from time to time in the open market or in privately negotiated transactions. The stock repurchase program does not obligate the Company to acquire any specific number of shares or acquire shares over any specific period of time. The stock repurchase program may be suspended or discontinued at any time by the Company and does not have an expiration date.

During the thirteen and thirty-nine weeks ended May 30, 2026, the Company repurchased 2,061,263 and 11,651,767 shares of common stock at an average price of \$12.14 and \$18.29 per share, respectively, inclusive of commissions and exclusive of accrued excise tax. During the thirteen and thirty-nine weeks ended May 31, 2025, the Company repurchased 693,375 shares of common stock at an average price of \$35.10 per share, inclusive of commissions and exclusive of accrued excise tax. The U.S. Inflation Reduction Act of 2022 requires a 1% excise tax on the net amount of share repurchases. As of May 30, 2026, approximately \$157.5 million remained available under the Current Authorization.

## Cash Flows

The following table sets forth the major sources and uses of cash for each of the periods set forth below (in thousands):

|                                           | Thirty-Nine Weeks Ended |              |

| Net cash provided by operating activities | \$ 102,170              | \$ 133,087   |
| Net cash used in investing activities     | \$ (10,090)             | \$ (2,192)   |
| Net cash used in financing activities     | \$ (66,947)             | \$ (165,206) |

*Operating activities.* Our net cash provided by operating activities decreased \$30.9 million to \$102.2 million for the thirty-nine weeks ended May 30, 2026, compared to \$133.1 million for the thirty-nine weeks ended May 31, 2025. The decrease in cash provided by operating activities was primarily attributable to changes in working capital for the thirty-nine weeks ended May 30, 2026, as compared to the thirty-nine weeks ended May 31, 2025. Changes in working capital, comprised of changes in accounts receivable, net, inventories, net, prepaid expenses, other current assets, accounts payable, accrued interest, accrued expenses and other current liabilities, and other assets and liabilities, were driven by the timing of payments and receipts, which was \$24.4 million of cash used in the thirty-nine weeks ended May 30, 2026, compared to \$29.9 million of cash used in the thirty-nine weeks ended May 31, 2025, a difference of \$5.5 million. Loss from operations was \$225.6 million for the thirty-nine weeks ended May 30, 2026, as compared to income from operations of \$168.7 million for the thirty-nine weeks ended May 31, 2025. The decrease was driven by higher operating expenses, primarily the loss on impairment. Additionally, cash paid for interest was \$15.4 million in the thirty-nine weeks ended May 30, 2026, which was a decrease of \$2.6 million as compared to the \$18.0 million paid for interest in the thirty-nine weeks ended May 31, 2025.

*Investing activities.* Our net cash used in investing activities was \$10.1 million for the thirty-nine weeks ended May 30, 2026, compared to \$2.2 million for the thirty-nine weeks ended May 31, 2025. Our net cash used in investing activities for the thirty-nine weeks ended May 30, 2026, was primarily comprised of \$10.1 million of purchases of property and equipment. The \$2.2 million of net cash used in investing activities for the thirty-nine weeks ended May 31, 2025, was primarily comprised of \$2.5 million of purchases of property and equipment and \$1.4 million of investments in intangible and other assets, and was offset by \$1.7 million of cash proceeds received from escrow related to net working capital adjustments related to the OWYN Acquisition.

*Financing activities.* Our net cash used in financing activities was \$66.9 million for the thirty-nine weeks ended May 30, 2026, compared to \$165.2 million for the thirty-nine weeks ended May 31, 2025. Net cash used in financing activities for the thirty-nine weeks ended May 30, 2026, primarily consisted of \$213.2 million in repurchases of common stock, inclusive of commissions and exclusive of accrued excise tax, and \$2.2 million in tax payments related to the issuance of restricted stock units and performance stock units, partially offset by \$150.0 million in proceeds from issuance of long-term debt and \$1.1 million of cash proceeds received from option exercises. Net cash used in financing activities for the thirty-nine weeks ended May 31, 2025, primarily consisted of \$150.0 million in principal payments on the Term Facility, \$24.3 million in repurchases of common stock, inclusive of commissions and exclusive of accrued excise tax, and \$2.8 million in tax payments related to issuance of restricted stock units and performance stock units, partially offset by \$12.0 million of cash proceeds received from option exercises.

### **Inherent Limitations on Effectiveness of Controls**

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Additionally, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
